

**GUNTHERMELE** 1857  
PACKAGE WITH PURPOSE

## OUR VISION

“Helping our customers tell their unique brand story while providing a customer experience like no other.”

– Darrell King, President

**Welcome** to our new packaging guide – our 165th version since our founding in 1857. We have some exciting developments in the following pages. Most of the changes we have ushered in this year are centered around a more sustainable approach to our business with an emphasis on the materials we use and the reusability of our products. We have begun to view all of our products through this new lens of eco-minded sustainability. We call this our “**Mission Green**”.

Mission Green drives us to use materials that are either from recycled or sustainable sources. It also focuses us on a vastly overlooked practice in sustainability: reusability.

### RECYCLED

There are two important terms that classify the source of recycled content. These are: post-consumer waste and post-industrial waste. Post-consumer waste (PCW). Wherever possible, we are using paper and now plastics that are derived, at least partially if not fully, from municipal recycling programs and this term post-consumer implies that it has been recovered after consumer use. Post-industrial waste (PIW). Another key source of recycled material. In this instance, scrap material is diverted from the landfill and recycled into new material to be used in production. Product Examples include: our brand new, Canadian made paper twist shoppers made from paper that is derived from 96% post-consumer waste. Our new “resuede” is a luxurious recycled material that feels like plush suede but is produced using recycled materials to create a luxury look and feel. We feature our resuede material in our Drawer Series box (page 37) and our Eco Series of hinged boxes (page 29)

### SUSTAINABLE

FSC® – Forestry Stewardship Council®. In short, this governing body oversees wood and pulp (paper) products derived from responsibly managed forests. This global governing body is an intricate certification process that verifies paper and its sources. In the instances where paper needs to come from new pulp source, we are choosing to use papers that carry the widely recognized FSC designation.

### REUSABLE

Jewelry packaging has an inherent keepsake quality. Most people will collect jewelry boxes for storage and sentimental value. We have also been studying consumer behavior and there is demand for an after use of jewelry packaging. Our active lifestyles and thirst for travel dictates the need to store and protect jewelry when it is not being worn. With that, we have introduced our new Nano™ collection of luxurious and practical travel pouches that not only present the jewelry exquisitely but also doubles as ongoing storage and protection for our society who is always on the go.

In nearly every category we have exciting new products that meet our Mission Green criteria. These are just the first steps of our journey toward more sustainable and eco-conscious packaging solutions and we hope you’ll join us on this important journey.

# CREATE YOUR OWN LOOK

## TELL YOUR BRAND STORY CREATE YOUR UNIQUE IDENTITY

### Create Your Own Look in 7 Easy Steps

Speak to your  
sales representative  
for a consultation.

## Looking for 100% custom design? Design your very own jewelry packaging.

### STEP 1:

Choose your box style.  
We have access to endless design and looks. You dream it,  
we can create it.  
Choose from wood, plastic, MDF and paperboard shells.  
Select hinged or 2-piece.  
MOQ:  
Plastic or Metal 2,500  
Wood 1,000  
Paperboard 5,000

### STEP 2:

Choose your covering and color.  
Leatherette, velvet, paper.  
Design your texture—hundreds to choose from, or create your  
own. Brushed leatherette, embossed papers, smooth, textured,  
Select from our color books, or use Pantone to specify your  
exact colors.

### STEP 3:

Specify the interior.  
Select pad color and material for inside lid.  
Leatherette, brushed leatherette, flocked, velvet, velour.  
Decide on the top interior material—leatherette, brushed  
leatherette, satin, flocked, velvet.  
Select color—white, black, ivory are most common.  
Option—create a reveal with contrasting color.

### STEP 4:

Design your packer.  
2- piece box or sleeve.  
Often you can use the same material or create a  
coordinating color.  
Option -- add die cuts at bottom for ribbon, and/or reveal  
for contrasting color.

### STEP 5:

Design logo placement.  
Areas to consider:  
Inside box lid (Top Satin)  
Packer Lid (can be centered, or placed at lower corner if using ribbon)  
Top Lid

### STEP 6:

Select your pad designs. (See page 31)

### STEP 7:

Email your artwork.  
Artwork ultimately needs to be in Vector file format. Your  
graphic designers should be able to assist you. Gunther Mele  
is also available to provide artwork assistance and full  
service design, cost is \$85/hour, min half hour charge.

CYOL has 16-20 weeks lead time. (Time frames based on signed  
approved artwork, quote and deposit).  
Printing and pre-production samples included at no  
extra charge.

#### Please note:

Logos with intricate lines and details (such as diamonds),  
often will not translate in small print areas, such as top satins.  
Designs with text and simple outlines work best for inside of  
ring boxes, etc. Reps and our designers will advise you when  
artwork should be modified to produce best results.

To ensure accuracy and best quality, signatures are required  
on all artwork documents and quote documents where noted.  
Production will not commence until all artwork, quotes and  
deposits are finalized and signed off. Your rep is available to  
work with you to ensure all documentation is completed to  
prevent delays. Please ensure your email access is update date.

### Complete your look!

Bags, Tissue, Pouches, Ribbon, Displays, Necklace folders, and more!  
Select from our in stock or create your own. Gunther Mele is your one stop for all your needs.

Our sales representative can help you design all your packaging and displays to tell your unique brand story.

# PRINTING INFORMATION

## Have your name and logo printed... it's easy!

1. **Select your box or bag style, color and size.**
2. **Choose the printing method you wish to use.**

- A. **FOIL PRINTING:** Foil is applied to the bag or box using a combination of heat and pressure on a magnesium print plate to create an elegant appearance. Choice of Metallic or Matte foils. Foil Printing Print plate per size and color - \$77.00 (max. 30 square inches)
- B. **PAD PRINTING:** Ink is applied to smooth surfaces allowing us to print your logo in places never before possible. Cost of Pad Print plate per size and color - \$104.50 (maximum 3.75 square inches)
- C. **FULL COLOR DIGITAL PRINT:** Utilizing the latest 4-color process technology, we now offer full color digital printing graphics on non-laminated paper bags and boxes.
- D. **FULL COLOR TRANSFER:** We offer full color transfer printed graphics on fabric and nylon bags using a heat press process. This full color transfer print creates an image that allows for vibrant designs. Pricing is the same regardless of the amount of colors used in a design. Have your full color image applied to your bags for just \$2.45 per bag (minimum 300 bags)
- E. **INK PRINTING:** Ink is applied to the box or bag using a rubber printing plate. This method is ideal for larger coverage prints and is economically priced. Cost of Ink Printing Plate per size per color starting at \$137.50. (maximum 25 square inches)
- F. **SILK SCREEN:** Die fast ink is applied to Fabric Style Bags through a screen. The process allows the ink to permeate into the fabric dimples for optimal coverage. Screen charge of \$65.00 applies with each order.

### 3. Choose the Print Color

When Foil Printing, select from 41 foil colors in 4 different finishes: Metallic (High Sheen or Matte), flat, gloss or pearlized. For ink printing select from our 9 standard colors for in stock items, or ask about Pantone Matching for Special Order items such as Simply Bags and Fabric Style Bags.

### 4. Send us your artwork.

If you are a new print customer, send us your artwork by e-mail. Artwork must be vector with fonts outlined or high resolution (300 dpi) actual size jpg if vector can not be located.

If you don't have artwork or your artwork needs adjustments, we have a talented design team who can assist you. Contact one of our sales representatives or email us your ideas today. For pricing, see the artwork charges section.

### Acceptable Artwork Formats

- Vector files (preferred): Adobe Illustrator with .ai, .eps, or .pdf file extension. If the logo was ever professionally made, at a marketing agency, print shop or sign maker, they will have the logo on file. Check with the original graphic designer. If vector cannot be provided, ALL raster formats will be subject to additional art charges as in most cases it will have to be converted to a vector to meet our printers requirements.
- Raster files: (ie. PDF, PSD,TIF, or JPEG) Actual size, high resolution (300dpi or more), is required for all full color reproduction.
- Please include fonts (.ttf) or convert fonts to outlines when sending ANY Illustrator file, saved as AI, EPS or PDF.

### The following formats are NOT acceptable

- Publisher (.pub) • CorelDraw (.cdr) • small GIF or BMP internet images • low resolution JPG
- Any Word or spreadsheet documents - '.docx', '.xls', '.wpd', '.od

If unsure about any format including "what is a vector" please send all inquiries to your inside Customer Service Rep.

## OTHER PRINTING COSTS

**Set-up Charges:** Every print job requires a machine to be set-up. A charge will be applied to every order. Foil, Ink, Pad and Digital printing is charged at \$39.00. Silk Screen printing is \$75. Please note: multiple print sizes of the same logo require multiple set-ups.

**Plate Charges:** Plate charges apply one-time only. Each time you require a 'new' print design (i.e. Logo change, Print Size Adjustment etc.) a new plate must be created. Once the plate is made, we will hold it for you in our warehouse and it will be available for all future printing requirements.
